

WEST VALLEY REGIONAL FIRE TRAINING

RAPID INTERVENTION CREW OPERATIONS

RIC MASK

The West Sacramento Fire Department uses the Scott AV3000 facepiece in the RIC packs. The facepiece has been modified to allow for more efficient manipulation of the mask with gloves.

1. Nose-Cup Removed

- Does not interfere with obtaining a mask-seal.

2. Split-Rings Added to Pull-Straps

- Allows tightening of straps with gloved hands.

3. Tubing Added To Bottom Of Head-Net

- Allows for donning of the head-net.

4. Facepiece Shown in Stowed Position

- Head-net pulled over mask lens.
- Tubing accessible
- Split-Rings accessible
- Set-Up to facilitate efficient mask-swap technique.
